

Our new camping pod provides comfy, spacious and secure accommodation for up to four people.

The pod is a unique insulated wooden hut that provides warm and cosy accommodation, and provides more glamour than traditional forms of camping.

The pod has a decked area, providing the perfect platform to sit back and enjoy the tranquillity of the surroundings.

Hidden among a clearing of fir trees, the pod is a great way to engage with the great outdoors.

The pod has been designed to eliminate noise and the insulation ensures the pod is warm in winter and cool in summer, to provide comfort in all weathers.

The experience will enable you to enjoy and appreciate the sights and sounds of nature in a stylish and unique way, for as little as £55 per night.
